

IEE appoints new President for IEE Sensing Inc. in Auburn Hills, USA

Scott G. Whetter

Luxembourg/Auburn Hills, 28 July 2008 – IEE, developer of intelligent sensing solutions and global leader in automotive occupant sensing systems, today announced the appointment of Scott G. Whetter as President of its subsidiary IEE Sensing Inc. in Auburn Hills, MI. He will replace Rodney Holmes who retires in September.

Mr Whetter brings along over 20 years of automotive experience that includes a variety of roles at Ford Motor Company, TRW Electronics and most recently Siemens VDO where he was Vice President and Key Account Executive.

Hubert Jacobs van Merlen, CEO of the company's headquarters IEE S.A. in Luxembourg, comments: *"We are fortunate to have someone with Scott's experience joining our US subsidiary at a time of growth and diversification. Scott has an excellent track record for driving revenues, growth and profitability. His experience is a tremendous asset to the company."*

In accepting the position, Mr Whetter said, *"I am proud to serve as President of IEE Sensing Inc. IEE has emerged as a global leader in automotive safety sensing systems and is now diversifying into new markets. It is an exciting time for the company and I look forward to accelerating their continuous growth in the US market."*
